**Company Business Address:** 100 Stickle Avenue, Rockaway, NJ 07866

**Contact Person's Phone Number:** 973-627-2100

**Internship Focus:** Foundation/Geotechnical

**Internship Opportunity:** Summer Intern - paid, Fall Intern - paid, Spring Intern - paid

**Internship Location:** Tri-State Area of New York, New Jersey and Connecticut

**Internship Description:** Keller is looking for interns for our Specialty Services Business Unit based out of our largest facility in Rockaway, NJ. Specialty Services is the center of expertise within Keller which provides the highly specialized, in-house designed, geotechnical construction services; structural slurry walls, grouting, ground freezing and dewatering. These techniques are oriented towards large tunnel and dam projects. Our interns will typically experience a mix of field and office work; all geotechnical, and all related to construction. Our engineers get the engineering and supervision to become PROFESSIONAL ENGINEERS and continue to grow and develop through their careers.

Keller is the world leader in geotechnical construction and deep foundations. With a North American presence of over 100 years, we are the market leader with over 50 offices throughout the US and Canada. By connecting global resources and local experience, Keller develops innovative, practical, sustainable and cost-effective solutions to geotechnical challenges. Our values of integrity, collaboration, and excellence enable us to lead the industry in providing the optimal solution for our clients.
