Internship Focus: Foundation/Geotechnical

Internship Opportunity: Summer Intern - paid, Fall Intern - paid, Spring Intern - paid

Internship Location: Cumberland, RI

Internship Description: Keller is the world leader in geotechnical construction and deep foundations. We are looking for interns for our New England office in Cumberland, RI. Our interns will typically experience a mix of field and office work; all geotechnical, and all related to construction. Our engineers get the engineering and supervision to become PROFESSIONAL ENGINEERS and continue to grow and develop through their careers.

With a North American presence of over 100 years, we are the market leader with over 50 offices throughout the US and Canada. By connecting global resources and local experience, Keller develops innovative, practical, sustainable and cost-effective solutions to geotechnical challenges. Our values of integrity, collaboration, and excellence enable us to lead the industry in providing the optimal solution for our clients.
