Internship Description: Stacy Witbeck is a nation-wide General Contractor specializing in building Heavy Civil Transportation infrastructure. We offer internships with a focus in construction management, safety engineering, quality engineering and estimating on all of our projects. We offer a competitive hourly wage, generous housing stipend (for students that qualify), and reimbursement for travel expenses to and from your home city to the internship location. Summer internships are full time, 40 hrs per week and require a minimum of an eight week commitment with flexible start and end dates. Part time internships are also available during the Fall, Winter and Spring semesters with a minimum commitment of 16 hours a week.
